COLMIA™

DUMBBELLS

A whole new look
on a whole new level.

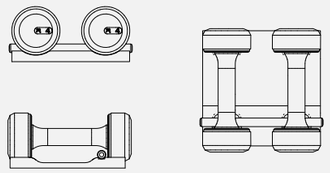
COLMIA™
LUXURY DUMBBELLS SET

A manually crafted set made of the highest quality materials.
In the production, natural wood such as American walnut is used along with the highest grade stainless steel.
A stable construction, strong attention to detail and the heart poured into the hand-work made COLMIA™ dumbbells delightfully presentable. COLMIA™ is perfect, as a part of a modern home or a hotel gym.

Dumbbells are available in sets (horizontal or vertical) and as individual pairs (with or without a wooden stand). American oiled walnut wood provides a good grip and gives pleasure to touch. This type of wood exhibits antibacterial properties and, in combination with stainless steel creates a harmonious system of health and nature. This is very important when using these luxurious accessories in special conditions. COLMIA™ is dedicated for the private use as well as for personal trainers and gyms.

COLMIA™ Individual dumbbells with a wooden stand

Place your dumbbells on a solid wooden stand. Individual dumbbells are available in different weights (size depends on the weight).



COLMIA™ Light

SCALA™

WALL BAR

Power to make big things happen in a home gym.

SCALA™

LUXURY WALL BAR

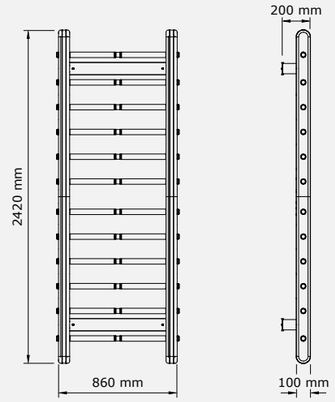
The pattern of the ladder, referring to roots, contains a feature of weighted and removable rungs.
After removing them we obtain a stylish so-called weighted „fitness bar" that is ultra soft to the touch.

The available weights range from 2 - 6 kg. To make the wall bar even more versatile, the ladder has flexible bands that can be easily attached to the bars and the ladder.
Additionally, you can also attach TRX bands (not provided).

SCALA™ Basic

Luxury wall bar for exercise.
The set includes a wall-mounted frame with rungs.

Height: 242 cm



SCALA™ Advance Plus

The wall bar, in addition that its pattern refers to roots, combines functionality with a nature-inspired design.

Height: 229 cm

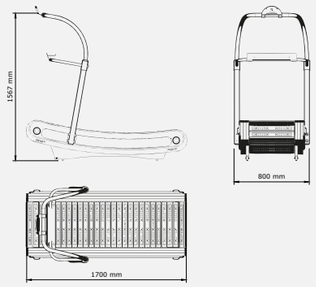
CARDIO MACHINES

This collection features three sophisticated pieces: a stationary bike, a treadmill, and a rowing ergometer.

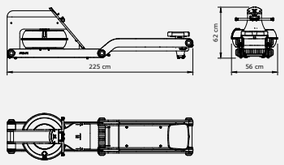
IRENA™

IRENA™ features a curved running surface, which helps engage more muscle groups and enhances the overall effectiveness of your cardio workouts. With this innovative design, IRENA™ operates silently and without the need for electricity.



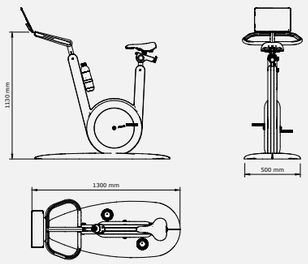
VISLA™

VISLA™ features a manual rowing mechanism that engages multiple muscle groups, enhancing the overall effectiveness of your rowing workouts. VISLA™ operates silently, providing a serene exercise environment; without the need for electricity, you have full control over the intensity of your workouts, catering to various fitness levels and settings.



HANIA™

A masterpiece of craftsmanship and design, perfect for those who seek the finest in fitness equipment. Handcrafted by skilled artisans, HANIA™ combines form and function with the use of the highest quality materials, making it an exquisite addition to any home gym, hotel fitness center, or yacht.
The equipment does not contain any accessories.



ATTENTION TO EVERY DETAIL

IRENA™

IRENA™ is designed with a curved running deck that naturally activates a broader range of muscles, delivering a more dynamic and efficient cardio experience.
Its self-powered system ensures smooth, quiet operation without relying on electricity.
Works just as exceptionally as before — now with an even more refined look.
The refined silhouette and material choices reflect the visual language of our 2026 collection, where performance meets contemporary design.

VISLA™

VISLA™ utilizes a fully manual rowing system to support full-body engagement and adaptable training intensity. The near-silent operation creates a calm, focused workout atmosphere, while the electricity-free design allows VISLA™ to perform effortlessly across different environments and user levels. Its updated form follows the aesthetic direction of our 2026 collection, combining precision engineering with a renewed design language.
The same outstanding performance as before, now enhanced by a refined new design.

ALESSIA™

ALESSIA™ is a brand-new flat electric treadmill engineered for precise, controlled running and walking workouts. Its reliable motor system provides smooth speed transitions and consistent performance across varying intensities.
With a clean, modern silhouette and carefully selected materials, ALESSIA™ embodies the design language of the 2026 Cardio Collection, combining technical efficiency with elevated aesthetics.

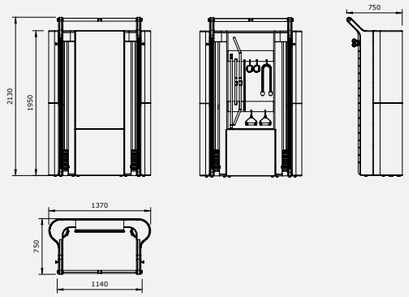
ORBITA™

ORBITA™ is a brand-new elliptical trainer designed to deliver smooth, low-impact cardio while engaging the entire body. Its fluid motion supports natural movement patterns, enhancing endurance and coordination with every session. The quiet, electrically powered system ensures a refined workout experience, while the contemporary design is fully aligned with the aesthetic of the 2026 Cardio Collection.

ROMA™ Cable Machine

Designed for those who seek more than performance, ROMA™ is a bold statement in craftsmanship, elegance, and individuality. Hand-finished from premium materials — including stainless steel, genuine leather, and fine wood — this masterpiece transforms any gym into a curated interior.

With a compact footprint and fully functional biomechanics, ROMA™ supports a complete strength training routine while remaining a visual icon.



ROMA™ included:

1. Pilates bar
2. Revolving Straight Bar
3. Lat Pull-Down Bar
4. Handles Extensions
5. Leg Straps
6. Triceps Rope
7. Stirrup Handles
