MEDICAL TROLLEY

HFS Group

CONCEPTS & ADVANTAGES

Standardization Certificates Approval

Obtain ISO9001, 13485, 14001, 18001 quality system certification, TUV approval for CE conformity, US FDA, GB national safety standard qualified enterprises. In accordance with the demand of facility management and environmental safety in JCI

Ergonomic Design

As a member of the mobile terminal system, our medical trolley has a high proportion of science, with a handiness easy push wheel design, make the handle more comfortable. The whole trolley adopts professional seamless design, easy to clean

Nursing Intensity Optimal Design

In accordance with the demand of facility management and environmental safety in JCI. Each trolley with storage capacity can meet the demand of 8-10 beds per day. Trolleys with distinct signs to distinguish different using purposes, realize the classification management of non-medical waste and medical waste, which effectively improve the quality of medical care.

Chromatic Design

The design of medical carts integrated into the medical environment to regulate the mood of nurses and enhance the harmony between doctors and nurses. The chromatic design is according to the 2008 edition of "Guidelines for Hospital Construction in China" issued by the Hospital Management Institute of the National Health and Family Planning Commission, also according to "American Medical and Nursing Space" and "Health Nursing Art Program".

COLOR PAINTED STAINLESS STEEL SERIES

Leading Branding of China Medical Furniture
www.saikangmedical.com

COLOR

Colorful Humanized Design

Adopting the influence of color on people's emotions, breaking the traditional color feeling of medical space and medical supplies.

Create a healing color combination that enhances vitality and aims for health.

To improve the patient's healing comfort, relieve the pressure of medical staff, and inject warmth into the medical space.

RHOMBUS / SERIES

SKR801

Movable Nurse Care Station (All in one)

Wireless Electronic Chemical Solutions

- High performance and high security battery system
- AC and DC power supply automatic conversion function
- Large capacity and low weight battery design reduces the work intensity of nursing staff
- LCD screen timely power display and alarm, one-touch switch
- One-piece machine-specific bracket, can be connected, install the market mainstream brand any model one machine, or a full set of hospital-type one machine to achieve wireless electronic work
- All-in-one bracket has lift mounting, rotation and tilt function
- Telescopic built-in cable management

Nursing Function Solution

- 8-10 beds daily infusion storage space
- Dozens of varieties, specifications of various types of sterile items, aseptic supplies, medicines, care appliances, classification
- Hand disinfectant, sharp sharp box, glove box, etc
- Various types of medical waste, domestic garbage sorting and recycling

- For Intensive Care Units, Recovery Rooms and Wards

Model 1: BH-MEX005

Model 2: BH-CTR001

Technical:

Material: aluminum alloy

Dimension: 183(W) mm x 66(D) mm, length defined by customer

Middle panel width is 100mm

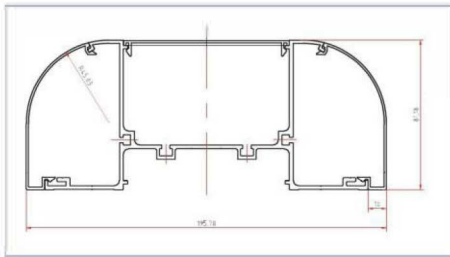

Standard color: both side is white, middle is gray

Light: top and down can install light, for your choose

Medical rail is optional

Bed Head Unit

Model 3: BH-GTR001

Technical:

Material: aluminum alloy

Dimension: 195(W) mm x81(D) mm, length defined by customer

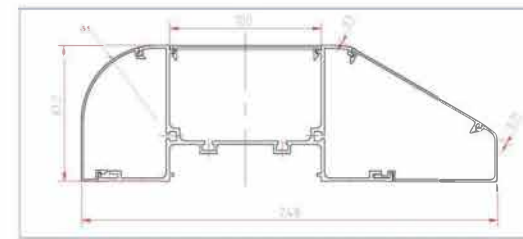

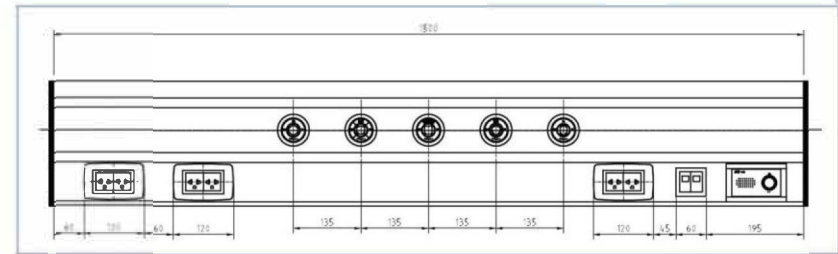

Middle panel width is 100mm

Standard color: white color

Light: top and down can install light, for your choose

Bed Head Unit

Model 4: BH-GTE001

Technical:

Material: aluminum alloy

Dimension: 248(W) mm x81(D) mm, length defined by customer

Middle panel width is 100mm

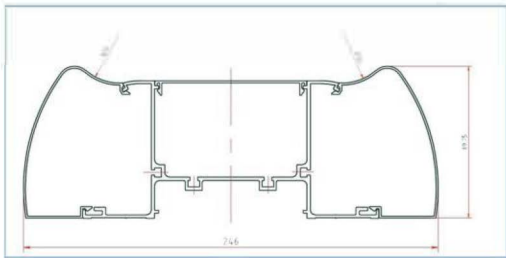

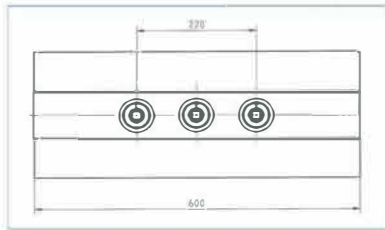

Standard color: white color

Light: top and down can install light, for your choose

Medical rail is optional

Bed Head Unit

Model 5: BH-GTR002

Technical:

Material: aluminum alloy

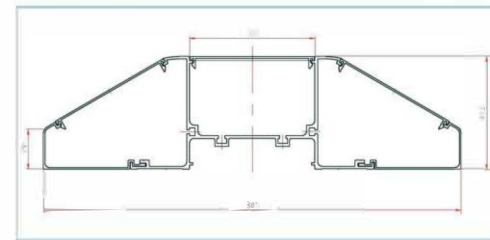

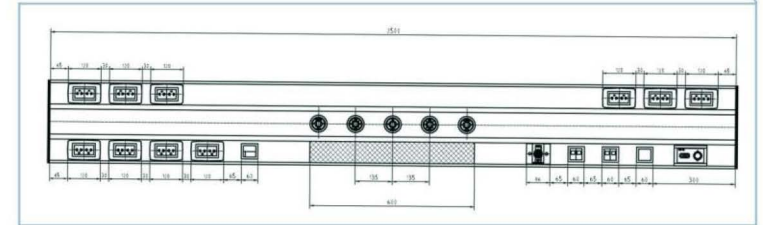

Dimension: 246(W) mm x89(D) mm, length defined by customer

Middle panel width is 90mm

Standard color: white color, yellow color is optional No light

Bed Head Unit

Model 6: BH-GTE003

Technical:

Material: aluminum alloy

Dimension: 301(W) mm x81(D) mm, length defined by customer

Middle panel width is 100mm

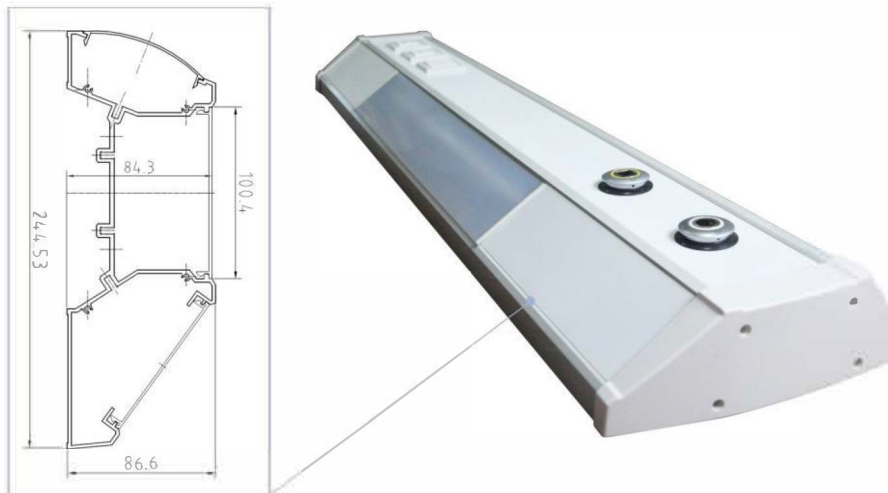

Standard color: white color

Light: top and down can install light, for your choose

Medical rail is optional

Bed Head Unit

Model 7: BH-MEX003

Technical:

Material: aluminum alloy

Dimension: 244(W) mm x86(D) mm, length defined by customer

Middle panel width is 100mm

Standard color: white color, Middle is gray or white is optional

Light: down can install light Medical rail is optional

Monitor Bracket is optional

Bed Head Unit

Model 8: BH-MEX001

Technical:

Material: aluminum alloy

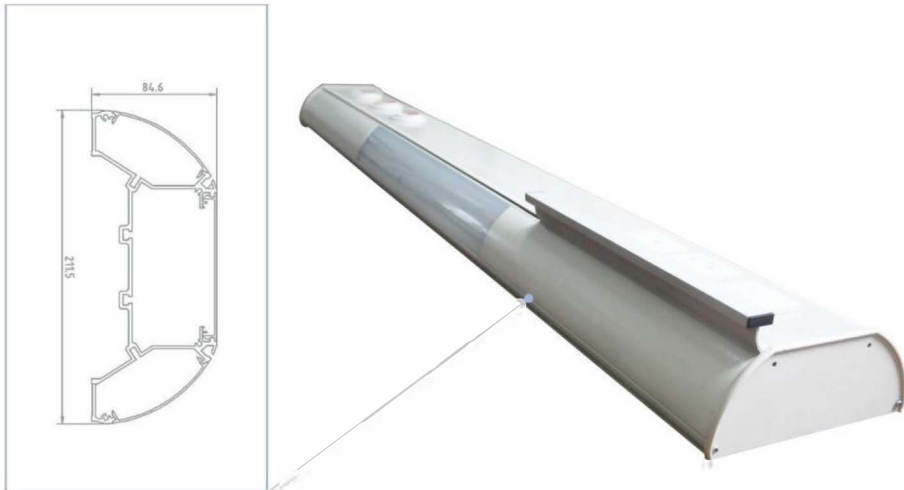

Dimension: 176.5(W) mm126.3(D) mm, length defined by customer

Standard color: white color, yellow is optional

Light: down can install light

Bed Head Unit

Model 9: BH-MEX002

Technical:

Material: aluminum alloy

Dimension: 211.5(W) mm x 84.6(D) mm, length defined by customer

Middle panel width is 100mm

Standard color: both side is white, middle is gray

Light: top and down can install light, for your choose

Medical rail is optional

Bed Head Unit

Model 10: BH-AWB001

- Technical:**
- 1、 Push-pull murals can meet the health care functions, and achieve the overall room design at the same time.
 - 2、 The health care equipment at interior, covert design, effectively block dust and man-made pollution.
