F.42-EM

HAND THERAPY

FINGER EXERCISE MACHINE – F.42/1

Comprises:

Adjustable support to hold forearm in position.

Padded vertical press for hand protection adjacent to the fingers being moved.

Eight slings (4 for flexing and 4 for extension), equipped with bars with weights for programmable resistance for each metacarpal-phalange articulation required.

Metal frame with chrome and polyester finish.

THERAPY PUTTY SET – T.0.451-C

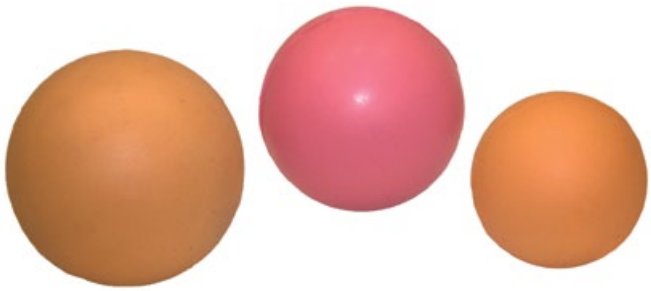

Contains 4 types of putty for hand rehabilitation with a range of resistance: soft, medium, firm and extra-firm. 85 g containers.

SOFT (YELLOW) – T.0.451-C1

MEDIUM (RED) – T.0.451-C2

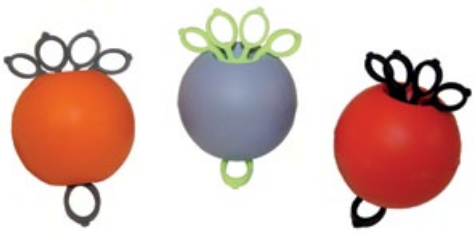

FIRM (GREEN) – T.0.451-C3

EXTRA-FIRM (BLUE) – T.0.451-C4

REHABILITATION BALLS – T.0.462

Balls with a range of densities and dimensions (53, 63 and 70 mm thick) to enable the therapist to administer progressive treatment.

BALL WITH TENSORS:

Recommended for strengthening the nine muscles that close and open the hand.

SOFT – T.0.465-A

Early stage rehabilitation. Purple ball, yellow belt.

MEDIUM – T.0.465-B

Second-phase rehabilitation. Red ball, black belt.

FIRM – T.0.465-C

For rapid rehabilitation. Orange ball, grey belt.

SOFT GRIP PEANUTS:

Their ergonomic shape facilitates the recovery and rehabilitation of hands and fingers.

SOFT (BLUE) – T.0.460-A

MEDIUM (RED) – T.0.460-B

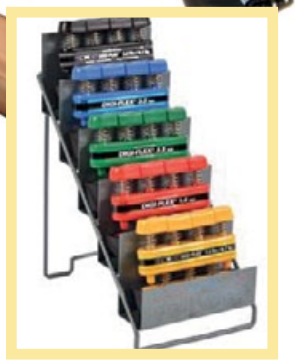

STRONG (GREEN) – T.0.460-C

DIGIFLEX SPRING-LOADED EXERCISERS:

Widely-spaced resistant buttons to isolate each finger for strengthening, without allowing those that are weakened to compensate.

YELLOW (Resistance 0.7 to 2.3 kg) – J.T.11280
RED (Resistance 1.4 to 4.5 kg) – J.T.11281
GREEN (Resistance 2.3 to 7.3 kg) – J.T.11282
BLUE (Resistance 3.5 to 10.4 kg) – J.T.11283
BLACK (Resistance 4.1 to 14.1 kg) – J.T.11284

DISPLAY UNIT FOR DIGIFLEX – J.T.11286

HANDGRIP STRENGTHENER – T.0.475

The foam hand grips ensure a firm grip for strength training.

T.0.467

DIGI-EXTEND – T.0.467

For working on the stretching of one or more fingers.
Fitted with 4 coloured bands with a range of resistance levels.

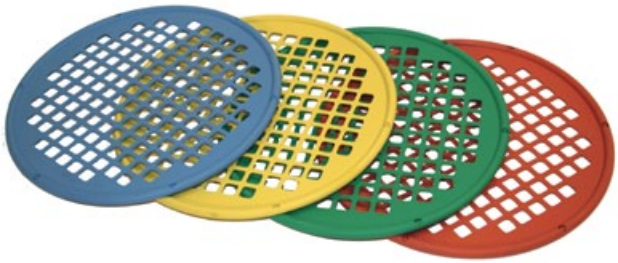

T.0.477

ADJUSTABLE HANDLE:

Simply turn the control button to obtain the tension required.

LIGHT (Adjustable from 5 to 20 kg Orange) – T.0.477
STRONG (Adjustable from 10 to 40 kg Grey) – T.0.478

RESISTANCE RINGS:

Two resistance levels in the same ring, offering pleasant dual action flexibility.

Dimensions: 36 cm in diameter. Weight: 450 g.

LIGHT (YELLOW) – T.0.470-A
MEDIUM (RED) – T.0.470-B
STRONG (GREEN) – T.0.470-C

MOVEMENT ARCS

F.42/48

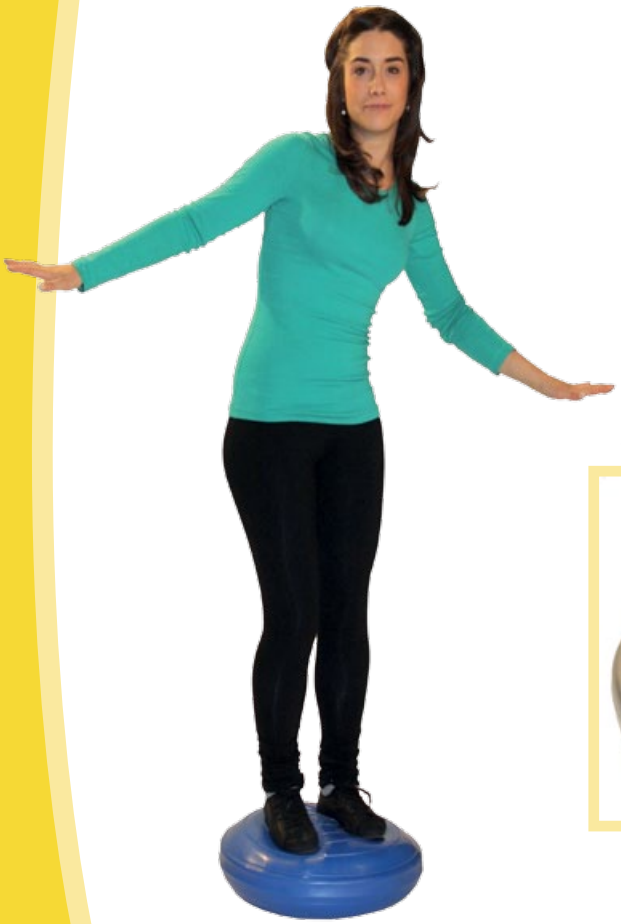

WRIST CIRCUMDUCTION SPRING – F.42/48
Varnished wood grip.
Chrome-plated guide rod.
Metal frame with polyester finish.

MOBILITY CIRCUIT – F.42/48-MS
Sliding hoop and board made of varnished wood.
Chrome-plated guide rod.
Dimensions: 60 x 30 x 60 cm.

MOBILITY EXERCISE ARC – F.42/50
Especially recommended for working on hand-eye coordination.
Comes with 24 geometric figures in a variety of colours.
Varnished wooden base. Chrome-plated arc.
Dimensions: 90 x 25 x 65 cm.

BALANCE AND STIMULATION TRAINER 35 cm. Ø – F.40/35
BALANCE AND STIMULATION TRAINER 45 cm. Ø – F.40/45
BALANCE AND STIMULATION TRAINER 60 cm. Ø – F.40/60
Designed for exercises to develop the muscles and sense of balance, improving the sensation of balance, coordination and motor skills. Can be used standing up, kneeling or seated for exercises of the foot and ankle.

VESTIBULAR STIMULATION - BALANCE

TILTING COORDINATION TRAINING BOARD - F.16-N

Dimensions: 61 x 61 x 10 cm.

KEEP YOUR BALANCE BOARD - F.17/01N

"Floats" on springs so the user has to make adjustments to keep their balance.

Central dampener column.

Dimensions: 90 x 90 cm.

CIRCUMDUCTION STIMULATION BOARD - F.18-N

Fitted with a dual-layer disc to prevent the board from scraping the floor.

Dimensions: 85 cm Ø.

OSCILLATING BOARD - T.P.1900

Its flat hexagonal shape facilitates treatment of vestibular lesions through play.

It is fitted with three straps to secure the thorax and lower limbs.

Also fitted with four handles.

High-density foam rubber padding and two-tone fireproof upholstery.

Dimensions: 130 x 40 cm.

VESTIBULAR STIMULATION - BALANCE

THERAPY BALL (90 cm. Ø) – T.P.1905
THERAPY BALL (120 cm. Ø) – T.P.1906

Fitted with many handles to allow for its use while ensuring maximum safety.

Covered in M2 fireproof material, in two colours.

"BARREL ROLL" STIMULATION CYLINDER – T.P.1652

The inside is made from shape-retaining high-density rubber foam material.

M2 fireproof upholstery on the outside.

Dimensions: 56 x 56 x 28 cm.

BALANCE AND STIMULATION TRAINER 60 cm. Ø – F.40/60

Designed for exercises to develop the muscles and sense of balance, improving the sensation of balance, coordination and motor skills. Can be used standing up, kneeling or seated for exercising the foot and ankle.

Sensory stimulation is provided by the bumps on its surface.

BALANCE TRAINING DISC 41 cm. Ø – T.P.1670

The upper section has a slot in which a ball slides around the rim.

Made of lacquered wood in vivid colours.

VESTIBULAR STIMULATION - BALANCE

WALKING BEAM ON RAMP – F.18/6N

This equipment is intended to help patients re-learn to maintain their balance.

This walking beam is on a ramp and gets progressively narrower.

Made from varnished wood with high-profile coloured markings to guide the walker.

GABLED WALKING BOARDS – F.18/7N

This equipment is intended to help the user correct their walking.

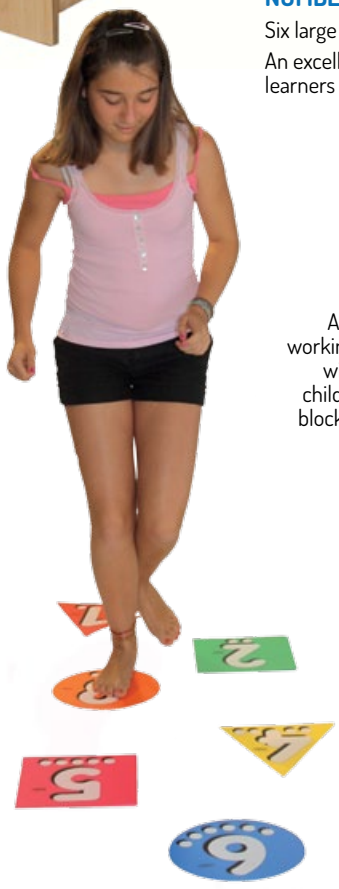

Equipped with metal fittings that can alter the angle of the slope.

Made from varnished wood with high-profile coloured markings to guide the walker.

NUMBERED STEPPING-STONES – T.P.1680

Six large templates with etched numbers from 1 to 6.

An excellent psycho-motor circuit which also helps young learners with their numbers.

"SNAKE" TYPE BALANCING BEAM – T.P.1688

A set of 10 PVC blocks in vibrant colours, recommended for working on coordination, balance, moving along raised surfaces, with sensations felt through the soles of the feet. This helps children to delimit spaces as well as to keep their balance. The blocks are easy to assemble to form either a straight or curved path of up to 300 cm.

SMALL STEPPING STONES BALANCING ACT – T.P.1690

Set of six stepping stones in different attractive colours with a non-slip base.

They are water-resistant and can be used outdoors.

SPEECH LANGUAGE THERAPY

SENTENCE FORMING – L.5060
179 cards to work on oral expression by forming phrases and sentences with cards containing illustrations, pictograms and words.
Available in: Spanish/English/French.

LITTLE FROG MIRROR – L.5003
Cute little frog with a safety mirror inside.
Very useful for speech therapy and visual stimulation.
Stimulates ocular attention and face recognition.

L.5034

L.5032

L.5033

MAZE BLOWING BOARD – L.5030
MULTI-COLOURED BLOWING BOARD – L.5031
30x30x2 cm.
WINDING BLOWING BOARD – L.5032
48x27x2 cm.
GAPS BLOWING BOARD – L.5033
52x29x2 cm.
RING-THE-BELL BLOWING BOARD – L.5034
48x19x2 cm.

L.5030

L.5031

These are boards with grooves along which the ball is blown.
The children have to blow the ball in the desired direction – to improve blowing strength and direction control, thereby strengthening the mouth muscles.

BLOW LOTTO – L.5045
Push the ball through the pigeon holes until you complete the course.

TURBINE – L.5040
You have to make the blades turn and stop them at the right point by blowing on one side and the other.

SPEECH THERAPY SET – L.5090

It is important to teach how to control the flow of air as one breathes out so the subject learns how to articulate phonemes correctly.

The kit may vary according to the stock of elements that comprise it. In any case, replacement elements will have the same characteristics and perform the same function.

Includes:

- PVC kazoo (1 Ud.) – E.M.3107
- Wooden whistle (1 Ud.) – E.M.3110
- Long whistle (1 Ud.) – E.M.3111
- Three-tone whistle (1 Ud.) – E.M.3109
- Plastic siren whistle (1 Ud.) – E.M.3112
- Harmonica (1 Ud.) – E.M.3739
- Flute (1 Ud.)– E.M.3736
- Balloons (20 U.) – L.5635
- Bubble-blowing pipe (1 Ud.) – L.5636
- Maze-blowing board (1 Ud.) – L.5030
- Gaps-blowing board (1 Ud.) – L.5033
- Blow Lotto (1 Ud.) – L.5045
- Little frog mirror (1 Ud.) – L.5003
- Coloured blowing board (1 Ud.) – L.5031
- Winding blowing board (1 Ud.) – L.5032
- Bells blowing board (1 Ud.) – L.5034
- Turbine wind game (1 Ud.) – L.5040
- Sentence-forming activity (1 Ud.) – L.5060

ERGOTHERAPY

ADJUSTABLE LECTERN – L.5455

Ergonomic table top lectern with support for reading and writing.
Adjustable angle with elastic cords to secure books and papers.
Made from varnished wood. Dimensions: 60 x 45 x 36 cm.

COMPLETE TABLE-TOP LOOM – T.0.100

The rotation of any of the controls of the warp makes all the others rotate in a synchronised manner, hence this synchronisation allows the user to carry out combined active assisted exercises with both limbs.

The weft is taken up by the horizontal displacement of the approach and separation of the batten (the frame of the comb), a movement that facilitates active or active assisted flexing and extension of the elbow and shoulder.

Includes shuttle and threading tool.

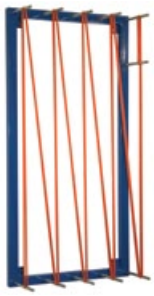

FREE-MOVING PEDAL LOOM – T.0.102

Fitted with four independent pedals, four fabric frames and a batten with a comb to take up the weft.

Since this loom requires the use of the upper and lower limbs, it is very useful for general psychomotor skills co-ordination, in other words the co-ordination of the eye, hand and foot.

OPTIONAL ACCESSORIES FOR LOOMS:

FRAME FOR PREPARING THE WARP – T.0.103-1
SHUTTLE FOR LOOM – T.0.103-3
SHUTTLES FOR LOOMS (30cm.) – T.0.103/A
SHUTTLES FOR LOOMS (40cm.) – T.0.103/B
SHUTTLES FOR LOOMS (50cm.) – T.0.103/C
SHUTTLES FOR LOOMS (60cm.) – T.0.103/D

POTTER'S WHEEL – T.0.210

The wheel is operated by flexing and extending the knee.

The front handle has a brake for placing resistance.

Seat and backrest are adjustable for height and angle.

Wooden board and baseplate, with synthetic material finish.

PEDAL-OPERATED SAWING MACHINE – T.0.110

By moving the seat closer or further away, or by lowering it, the user can vary the extent of flexo-extension of the head and knees.

Two sidebars with posture securing fittings.

The saw cuts vertically with the assistance of an air pump to ensure the cut line is always in plain sight.

Can cut lengths of up to 300 mm with a maximum thickness of 20 mm.

Centrally mounted tray to collect sawdust and other waste material.

REPLACEMENT PARTS:

SAWBLADE FOR BIPEDAL SAWING MACHINE – T.0.110-1

T.0.152

TWO-LEVEL WOODEN WORKBENCH – T.0.152

This is designed in such a way that work can be done facing to the right or left.

All parts made of wood: worktop, drawers, presses, trays.

Metal housing base with chrome and polyester finish.

Dimensions: 150 x 60 x 85 cm.

T.0.151

ADJUSTABLE TILTING TABLE – T.0.151

Tilting table that can be adjusted for height using the slide rails on either side.

Sturdy metal frame for secure positioning.

T.0.220

MULTI-USE ADJUSTABLE TABLE – T.0.220

Adjustable height, mounted on rear telescopic legs.

Very robust metal frame with chrome and polyester finish.

MOBILE SUPPORTING FRAME WITH ARM SLINGS – T.0.180-B

The arm slings can be adjusted for turning, height and depth.

The frame is fitted with wheels and a weight rack at the rear.

Also equipped with a brake and locking device with double stirrups at the sides.

Metal frame with chrome and polyester finish.

MECHANICAL BOARD – T.0.225

For re-training of the upper limbs.

The 18 spring-loaded elements provide progressively increasing resistance.

Includes four commonly used tools.

SET OF ADL BOARDS – G.6210

The set comprises three upholstered and padded boards, with a sloping wedge to make them easier to work with.

SHOES FOR LACING – T.P.4320

Stimulates finely-tuned psycho-motor movements..

Dimensions: 30 x 22.5 cm.

PET DRAGON FASTENING TOY – T.P.4303

This toy has all of the most usual fastening systems, which will help children learn how to dress themselves (press studs, buttons, zips, buckles, etc.).

46 cm. high.

MAZES - ABACUSES

T.0.500

PRE-WRITING BOARD – T.0.500

Develops fine-tuned motor skills, sharpens observation and visual discrimination ability.

T.0.501

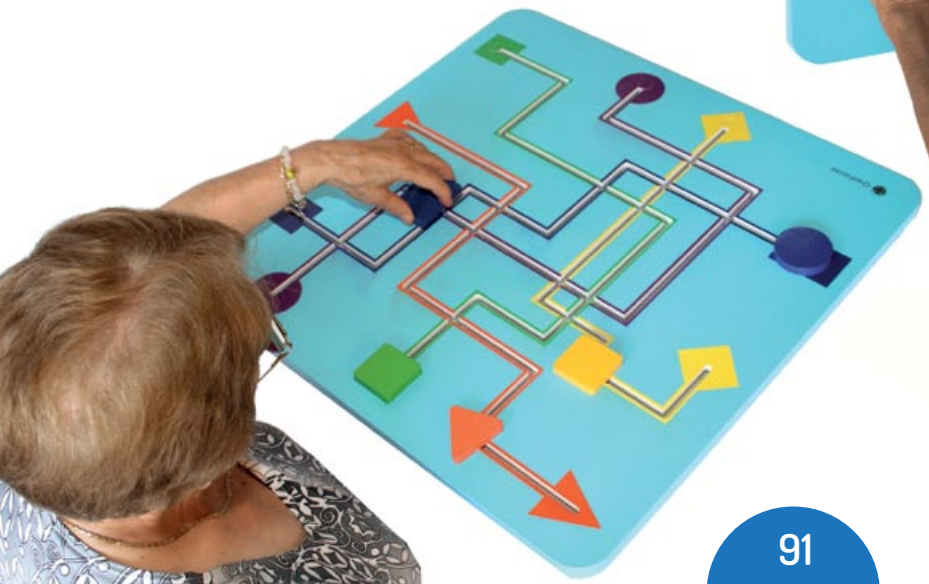

SET OF TRACKING BOARDS – T.0.501

To sharpen observation and visual discrimination skills.

Develop wrist motor control, as the user has to follow the track with their hand.

T.0.503

GEOMETRIC SHAPE MAZE – T.0.503

Excellent for hand/eye co-ordination and for working on arm motor skills.

Can be used on a table or mounted on a wall.

Dimensions: 60 x 60 cm.

MOTRICITY

HAND-FOOT MAZE – T.0.504
HAND-FOOT SPIRAL – T.0.505

The user inserts a hand or foot in the moving part and follows it through the maze.

A game of skill to exercise upper or lower limbs. Can be played on a table or wall. The height can easily be adjusted for use with the upper or lower limbs while standing or sitting.

T.0.504

T.0.505

MAGNETIC MAZE – T.0.508

Choose a passageway and move the ball to the end using a magnetic pencil.

Made of wood with transparent PVC coating. Includes activities card.

T.0.508

T.0.510

MARBLE MAZE – T.0.510

A relaxing activity that helps to develop dexterity and encourages concentration and creativity

T.0.531

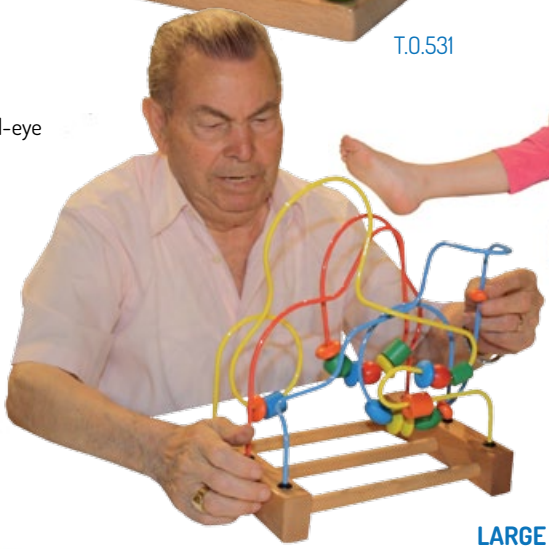

T.0.530

MANUAL SPIRAL – T.0.532

Specially developed for working on hand-eye coordination for movement.

T.0.532

LARGE SHAPES MAZE – T.0.530
MEDIUM SHAPES MAZE – T.0.531

Designed to work on fine-tuning motor skills and perceiving forms and colours. The user has to exercise their arms to do this.

Large: 21 x 29 x 34.5 cm.

Medium: 23 x 19 x 13 cm.

5-ACTIVITY DICE – T.P.4264

Includes 5 different activities: the maze of colours, blackboard, clock, geometric figures and the labyrinth.

Ideal for the orientation of gestures, colour recognition and sense of rhythm.

Dimensions: 30 x 30 x 55 cm.

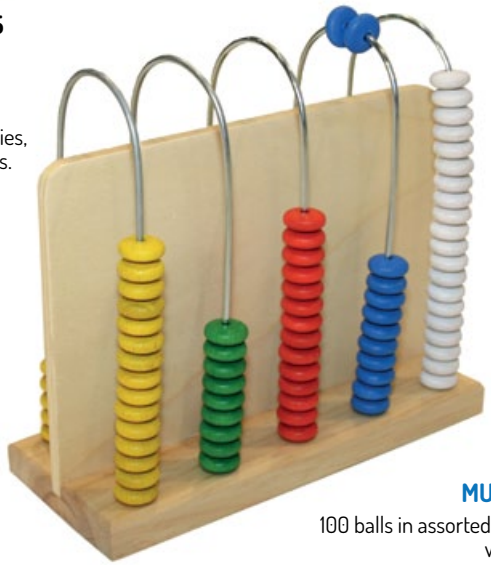

FIVE-COLUMN ABACUS – T.0.525

For identifying, knowing the positional value and how to break large numbers down.

100 discs for working on shifting activities, developing the precision of movements.

Dimensions: 23 x 24 x 10 cm.

MULTI-COLOURED ABACUS – T.0.526

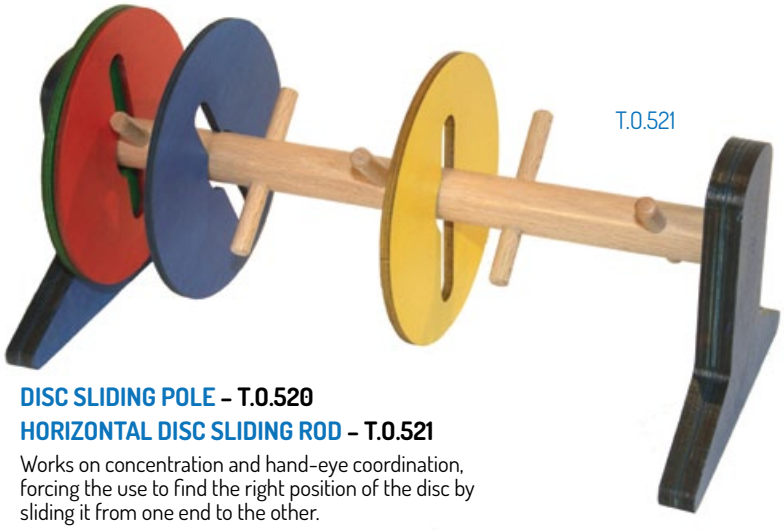

100 balls in assorted colours to promote visual stimulation as well as exercising hand-eye coordination.

Of great help in developing and exercising the notion of number and colour recognition.

Dimensions: 31 x 24 x 14 cm.

T.0.520

T.0.521

DISC SLIDING POLE – T.0.520

HORIZONTAL DISC SLIDING ROD – T.0.521

Works on concentration and hand-eye coordination, forcing the use to find the right position of the disc by sliding it from one end to the other.

Three large discs (14 cm. in diameter) in different colours.

MOTRICITY

LINKING ACTIVITIES

MATCH AND SCREW – T.0.515

A dexterity exercise comprising 48 different coloured geometric parts to match and screw together.

Works on motor skills, association and concentration-building.

THREAD THE ALPHABET – T.0.535

Fine-tuned motor skills exercise, developing the precision of movements, concentration and hand-eye coordination.

Each template includes its matching letter in capital and lower-case form, thereby familiarizing the user with reading and writing.

THREAD THE GEOMETRIC SHAPES – T.0.536

Fine-tuned motor skills exercise, developing the precision of movements, concentration and hand-eye coordination.

PLAITED LACES – T.P.4347

Container with 60 1m-long laces in bright colours with plastic ends.

LARGE NEEDLES FOR THREAD – T.P.4350

Cien agujas para complementar y facilitar el trabajo de enlazado y de cosido.

BUTTONS ON A STRING – T.0.540

Contains 140 large, brightly coloured buttons with 1 to 5 holes, 10 x 1 m. long strings and activity cards.

The number and its representation are etched in braille.

CHARM BRACELET – T.P.4328

Develops precision of movements.

Contains 60 different pieces in attractive colours and shapes + 10 threads 1 m. in length with plastic ends.

SHAPES FOR THREADING – T.0.541

A game in which the user threads together shapes of different sizes, beneficial for hand-eye coordination.

Contains 180 varied shapes in bright colours and braided threads 1m in length with plastic ends.

CHAIN LINKS – T.0.546

Benefits hand-eye coordination, enhances attention span and concentration.

Set of 60 large links (64 mm.) in a range of colours,

Includes 22 full-colour cards with sequencing and sorting activities.

T.0.546

T.P.4338

GIANT CHAIN LINKS – T.P.4338

Large pieces for working on early stage manipulation exercises, visual and tactile stimulation (each link has a different texture).

Set of 16 large links + 12 activity cards.

T.0.550

LINKING BEADS – T.0.550

In different textures and varied colours, these help the child to differentiate basic shapes and colours.

16 large beads, 18 mm. in diameter, which fit together with gentle pressure.

Includes 12 cards with different activities.

SET OF STRAIGHT RODS – J.T.11010

This activity benefits observation ability, eye-hand coordination, precision, and the discrimination of shapes and sizes..

Varnished wooden board with inserted calibrated steel rods, with chrome finish.

TRIOLO WORKSHOP – T.0.523

An activity that works on vertical manipulation, ideal for developing the imagination and eye-hand coordination.

Comprises 24 large pieces in 4 shapes and 3 colours which the child can stack vertically on the three mast-like rods mounted on the board.

MOTRICITY

SLOTTABLES

MESHING GEARS – T.P.4216

This activity benefits observation ability, eye-hand coordination, precision, and the discrimination of shapes and sizes.

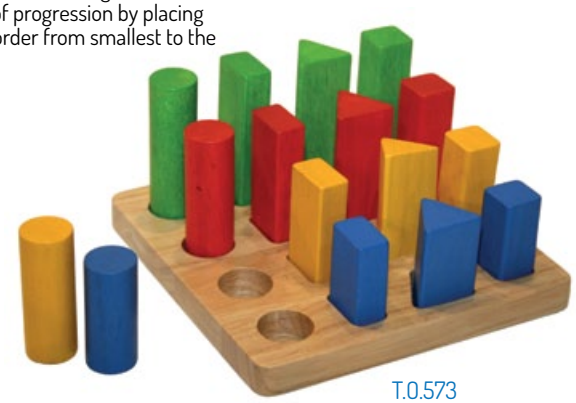

INTERLOCKING HOUSES – T.0.570

Comprises five houses in different shapes and sizes.

This game helps us to develop spatial orientation by slotting the smaller house into the larger one, as well as benefitting the sense of progression by placing the houses in ascending order from smallest to the biggest, or in reverse.

T.0.573

GEOMETRIC SHAPES AND BOARD – T.0.573

Set of 16 geometric shapes to slot in to position on a wooden base board.

Their different sizes, shapes and colours are designed to work on distinguishing shapes and colours.

T.0.575

SHAPES AND COLOURS – T.0.575

Recommended for working on motor skills, logic and shape and colour discrimination.

Tray comprising 4 black pieces + 18 pieces in different shapes and colours to slot into the corresponding holes.

NUMBER PEGS AND HOLES – T.0.580

Wooden peg and hole puzzle with ten pieces. Double layer base illustrated with the number of each animal that fits in its own hole. This puzzle stimulates the imagination and discovery of the surrounding environment.

Base measuring 28 x 28 cm., 10 pivoting numbers to work on positioning one's fingers in a pincer movement.

NUMBERS + ALPHABET PEGS AND HOLES – T.P.4204

Teaches the child to relate upper and lower-case letters and numbers with points, which is beneficial for the child's powers of observation.

ALPHABET PEGS AND HOLES – T.0.581

For review of the letters of the alphabet, working on fine-tuning the motor skills and visual stimulation.

The letters stand out from the base for ease of handling.

ANIMAL SOUND PUZZLE – T.P.4186
VEHICLE SOUNDS PUZZLE – T.P.4189
Peg and hole matching puzzle recommended for exercising hearing ability.
Dimensions: 28 x 28 x 3 cm. (7 pieces).

STACKABLE ITEMS - MOSAICS

BALANCING TOWER – T.P.4231
A game that combines handling skill and association.
60 pieces of fruit to match up with the tray and put into stacks.

THE GIANT TOWER OF CUBES – T.P.4234
85cm tall tower for exercises involving skill, association and sequencing.
Sequences can also be formed with the tower laid flat.

ARCHITECTURE GAME (54 pieces) – T.P.4360
Construction workshops help users to develop motor skills, build spatial structures, manage concepts such as bigness, smallness, height, shortness, shorter/longer, geometric shapes, similarities, etc. Also acquired are notions such as balance, symmetry and resistance

T.0.560

CIRCLE MOSAICS IN 3 SIZES – T.0.560
Good for eye-hand coordination.
Contains 50 large, 60 medium and 250 small circles.
Includes cards illustrating various examples to build.

T.0.565

GIANT MOSAIC – T.0.565
Recommended for working on spatial organization and eye-hand coordination.
Board measures 84 x 70 cm. for working while seated or for mounting on the wall.

ACCESSORIES NOT INCLUDED:

SET OF SKEWERS (270 pieces) – T.0.566
270 large (40 mm.) skewers in 4 colours and 4 shapes, to practise manipulation and fitting in place on the grid board.

SET OF PRINTS (set of 12) – T.0.567
12 plastic prints with two sides, very easy to change.

ACTIVITIES WITH NUMBERS

SEQUENCING GAME – T.0.680

Manipulation game to develop logical reasoning, visual perception, shape and colour recognition.

Consists of replicating the various sequences shown in the templates on the horizontal or vertical plane.

92 pieces in different shapes and colours + 10 templates.

T.0.680

25-POINT GEO-BOARD – T.0.670

This activity works on spatial orientation through the formation of different geometric shapes while developing manual skills and dexterity.

SLOTTABLE SHAPES – T.0.681

Can be used on its own for manipulation exercises or in combination with the sequencing game (T.0.680).

130 pieces in different shapes and colours, 10 laces and 10 templates.

T.0.681

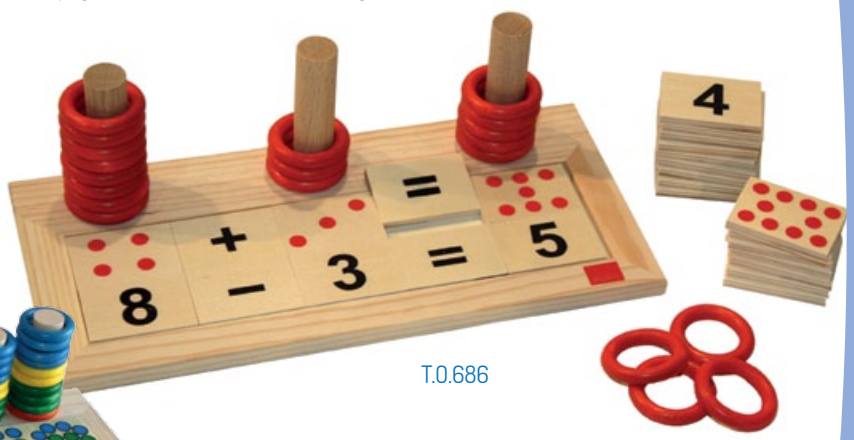

T.0.683

5.- Flexo-extensor-Prono-supinator:

Works on the flexibility of the wrist and forearm, by performing a range of flexing-extension and prono-supination exercises. Its aim is to rehabilitate, maintain or increase the flexibility of the wrist and forearm.

6.- Spiral circuit:

Works on the circumduction of the arm and shoulder through spiral movement exercises. Its aims are to rehabilitate, maintain or increase the mobility of the shoulder joint.

7.- Hand wheels:

Enables elbow-flexing movements to be performed in a synchronized manner. Its aims are to rehabilitate, maintain or increase the elbow's flexibility. The coordination of movements and effort is greater than that exerted on hand wheels because the two handles rotate in the same direction.

8.- Maze circuit:

This works on hand-eye coordination and dexterity by performing movements that call for precision and respond to a visual stimulus. Its aims are to maintain and increase dexterity in movements, improving the flexibility of the elbow, shoulder and hand.

9.- Wave circuit:

This works on hand-eye coordination and dexterity by performing movements that call for precision and respond to a visual stimulus.

Its aims are to maintain and increase dexterity in movements, improving the flexibility of the elbow, shoulder and hand.

44107100 8-NOTE CHIME BAR WITH BOOK AND MAGNETIC CIRCLES

An educational set designed to develop a sense of rhythm and introduce children to basic musical language through color and play. Each color corresponds to a musical note, making learning intuitive and engaging. With the help of the included book, the teacher places the colored magnetic circles that make up each song. Each child is assigned a colored key and a wooden mallet. Children follow the sequence of colors and play their key at the right moment, encouraging listening skills, attention, and teamwork. For more advanced levels, the teacher can write the name of each musical note on the magnetic circles using erasable markers, supporting the transition from color-based learning to musical notation.
***Set Includes: 8-note diatonic chime bar** with separate keys in 8 different colors. **8 wooden mallets**. **224 colored magnetic circles. 1 full-color sheet music book** with 34 children's songs (24 songs in Spanish, 10 songs in English).*

TWIN CUPS

Fabricado en una sola pieza de vinilo super resistente. Puedes cogerlos, lanzarlos, pisarlos etc, sin miedo a romperse. Apto para todas las edades. Puedes utilizarlos en juegos de educación física para estudiantes, en rutinas de fitness, o simplemente añadirlos a una actividad existente con personas de cualquier edad para introducir variedad y un desafío divertido.

Coloca los Twin Cups de manera vertical alrededor del área de juego. Asegúrate de que 6 tubos tengan el extremo azul hacia arriba y 6 tengan el extremo amarillo hacia arriba. Divide a la clase en dos equipos y asigna a cada uno el color azul o amarillo. Al dar la señal, los jugadores corren de un tubo a otro volteándolos para que el color de su equipo quede en la parte superior. Los equipos ganan puntos por cada tubo con el color de su equipo hacia arriba. El equipo con más puntos al final de la ronda es el ganador.

Los profesores de educación física y entrenadores también pueden utilizar estos versátiles tubos para realizar relevos, lanzamientos, bolos, juegos de puntería, marcadores de suelo, etc...

Los conjuntos incluyen una bolsa de almacenamiento. Medidas 9,5 cm x 20,5 cm. / *Measures 9,5 cm x 20,5 cm.*

63024100 SILENT PADDLE SET - GIANT SIZE

Fabricadas con espuma suave, ligera y flexible, diseñado para ofrecer una experiencia de juego silenciosa, segura y controlada. Gracias a su bajo peso y a sus grandes dimensiones (39 × 22 × 5 cm), las palas son fáciles de manejar incluso para niños pequeños, permitiendo jugar cómodamente sin fatiga. El material acolchado absorbe los impactos, reduce significativamente el ruido y minimiza el riesgo de lesiones, evitando golpes dolorosos durante el juego. Pelota ligera de 8,5 cm de diámetro. Ideal para: educación física, escuelas, guarderías, actividades de psicomotricidad, juegos infantiles y uso en interiores donde se requiera seguridad y bajo nivel de ruido.

Made of soft, lightweight, and flexible foam, designed to provide a quiet, safe, and controlled playing experience. Thanks to their low weight and large size (39 × 22 × 5 cm), the paddles are easy to handle even for young children, allowing comfortable play without fatigue. The padded material absorbs impacts, significantly reduces noise, and minimizes the risk of injury, preventing painful hits during play. Lightweight ball with a diameter of 8.5 cm.
Ideal for: physical education, schools, nurseries, psychomotor activities, children's games, and indoor use where safety and low noise levels are required.

63024200 SILENT PADDLE SET - MEDIUM SIZE

Fabricadas con espuma suave, ligera y flexible, diseñado para ofrecer una experiencia de juego silenciosa, segura y controlada. Gracias a su bajo peso y tamaño mediano (33 × 19 × 3,5 cm), estas palas son especialmente fáciles de manejar, lo que las hace ideales para niños, actividades escolares y primeras experiencias de juego. El material acolchado absorbe los impactos, reduce el ruido y evita golpes dolorosos, garantizando un entorno de juego seguro. Pelota ligera de 7,2 cm de diámetro.
