POINTS FORTS DU PRODUIT

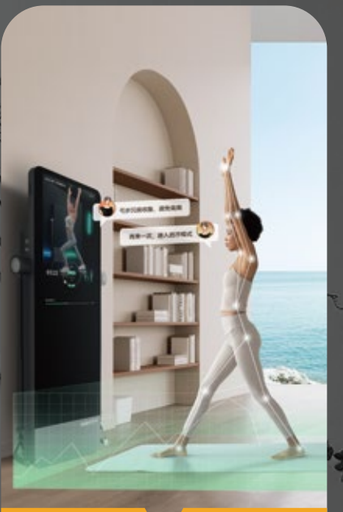

Explosion de sueur

- Système de poids numérique
- intelligent Puce intelligente à contrôle précis et servomoteur
- robuste et stable Mode d'assistance

Maximisez vos muscles

- Bras réglables à plusieurs niveaux
- Variété d'accessoires professionnels
- Divers modes d'entraînement
- personnalisés Cours combinés aérobiques et anaérobiques
- Jeux interactifs

Un « compagnon d'entraînement » intelligent

- Évaluation professionnelle du corps pour les profils personnels
- Plans d'entraînement exclusifs sur mesure Adaptation des cours en
- temps réel pour le mode compagnon
- Suivi et enregistrement des progrès physiques

PRODUCT INTRODUCTION

HFS POWER S

- **Mise à jour OTA**
- **Cinq modes d'entraînement**
- **Mode assistance**
- **Force exercée par un seul bouton**
- **Force de relâchement par un seul bouton Ajustements horizontaux du bras à 2 vitesses et verticaux à 7 vitesses**
- **Résistance unilatérale de 2 à 50 kg**
- **Écran tactile HD de 43 pouces**
- **Antidéflagrant, résistant aux empreintes digitales Surface miroir hautement réfléchissante. Son stéréo surround haute fidélité**

PRODUCT PARAMETER

Model	HFS POWER S
Overall Dimension	1770*600*160mm
Weight	100kg
Installation	Wall-mounted and pedal installation options
Display System	43" HD Multi-Touch Screen 【Size】43" 【DPI】 1080P 【Backlight】E-LED 【Luminance】Bright LCD
Arm	Horizontal 2 gear arm adjustments（0 degree，20 degree） The range of arms adjustment：700-1400mm Vertical 7 gear adjustments (0 degree,30 degree,60 degree,90 degree,120 degree,150 degree, 180 degree) Adjustable range of arm lift distance from the ground: 200-2000mm
Resistance	Unilateral Resistance 40kg，Bilateral resistance 80kg
Mode	Standard mode、Burnout Mode、Eccentric Mode Elastic Mode、Constant Speed Mode
Assisted Resistance	Yes
Free Training Movement Library	200+
Course	100+
Mirror Surface Craftsmanship	Explosion-Proof，Fingerprint-Proof, Highly Reflective Mirror Surface 【Craft】 G＋F(Surface Tempered Glass ＋Film Material Touch Screen 【Display Area】932mm*520mm 【Hardness】Hardness≥6H 【Luminousness】Luminousness≥35%

Material	Q235A Carbon Steel
Rope Length	2.1m
Function of Handles	One button on or off resistance
Storage	4+64G
Wireless	2.4G/5G dual band dual channel wifi
Sensors	High-resolution Encoders Temperature Sensors Current Sensors Anti-disengagement Sensors Voltage Sensors
Accessories	Bluetooth Handles x 2 Ankle Straps x 2 Tricep Rope x 1 Barbell Bar x 1 Rowing Bar x 1 Flat Bench x 1 Bluetooth Controller x 1 Accessories Basket x 1 Option: Rowing Chair x 1

PRODUCT INTRODUCTION

POWER S Lite

- OTA Upgrade
- Five Training Modes
- Assistance Mode
- One-button Exert Force
- One-button Release Force
- 7 Gear Vertical Arm Adjustments
- Unilateral Resistance From 2 to 50kg
- 23.8 inch HD Touch-Screen
- Explosion-Proof, Fingerprint-Resistant High-Reflective Mirror Surface.
- High-Fidelity Stereo Surround Sound

PRODUCT INTRODUCTION

POWER O

- OTA Upgrade
- Five Training Modes
- Assistance Mode
- One-button Exert Force
- One-button Release Force
- Gear Vertical Arm Adjustments
- Unilateral Resistance From 2 to 50kg
- Knob Control Display
- Control by Phone/APP/Knob
- Explosion-proof, Fingerprint-proof and Highly Reflection Mirror

PRODUCT PARAMETER

Model	POWER O
Overall Dimension	1770*600*160mm
Weight	100kg
Installation	wall-mounted and pedal installation options
Display System	1.23"Round LCD Screen/Phone Control
Arm	Vertical 7 gear adjustments (0 degree,30 degree,60 degree,90 degree,120 degree,150 degree, 180 degree) Adjustable range of arm lift distance from the ground: 200-2000mm
Resistance	Unilateral Resistance 50kg，Bilateral resistance 100kg
Mode	Standard mode、Burnout Mode、Eccentric Mode Elastic Mode、Constant Speed Mode
Assisted Resistance	No
Free Training Movement Library	200+
Course	100+

PRODUCT INTRODUCTION

POWER L

- A lightweight strength station(Pal) designed specifically for women
- Weights For Women To Train With
- Five Train Mode
- Courses For Women's Sports Science
- OTA Function
- Unilateral Resistance From 2-35kg
- Knob Control With LCD Control Screen
- Control by Phone/APP/Knob
- Assisted Mode

PRODUCT PARAMETER

Model	POWER L
Overall Dimension	820*500*122mm
Weight	24kg
Display System	1.23″Round LCD Screen/Phone Control
Resistance	Unilateral(Max) 35kg,Bilateral(Max) 70kg
Training Mode	Standard Mode,Shaping Mode, Aerobic Mode,Rehab Mode,Butt Mode
Assisted Mode	Supported
Free Training Movement Library	200+
Course	100+
Material	ASB Q235A Q235A Carbon Steel

Rope Length	2.1m
Handles	One button on or off resistance
Mat	High Flexibility EVA Mat
Motor	Dual 400W Servo Motor
Wireless	2.4G wifi
Bluetooth	BLE 5.0
Accessories	Handles x 2 Ankle Straps x 2 Tricep Rope x 1 Color Mats x 6 Barbell Bar x 1 Bluetooth Controller x 1

POWER CUBE

Higher Safety, Low Electromagnetic(EMI) Interference

The driver adopts a high and low voltage signal fully isolated design scheme ensuring high safety and minimal electromagnetic interference(EMI).

Lower Loss Rate, Lower Failure Rate, Longer Lifespan

Highly reliable and efficient, with low failure rates. Features durable, eco-friendly materials for extended life. Provides strong, stable performance with minimal heat.

OTA Supports OTA Upgrades

Equipped with Cortex-M7 dual-core high-speed chips for efficient control with script functionality supporting rapid application development and OTA online upgrades.

Strong Anti-Interference Capability, High Precision Response

Features digital isolation for precise control and strong interference resistance plus a 17-bit encoder for high accuracy.

Safety Warning and Protection Mechanism

Features dynamic braking for safety and prevents rope slack. Includes protection against overload, over-voltage, overheating, and short circuits.

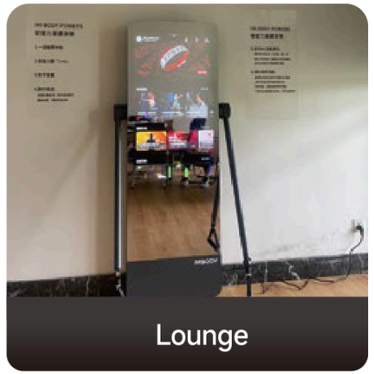

Supports Rapid Integration

With an integrated interface solution and multiple connectivity options it offers a one-stop solution for digital strength needs.
